Prologue

As I'm running I see marines being shot by plasma repeaters. I pick up an assault rifle from a fallen marine. "Die!" I yelp as I am firing off the entire magazine, the grunts fall as I shoot. "Nice shooting tex." the deep voice of noble one startles me. He is lucky that I had no rounds in my clip. "Here" he says as he throws me clip after clip. "Thanks for the ten clips" I say, "no problem" he says. "Do you have a name?" "Yes of course I do, I'm Carson" I say. "I'm carter" says noble one. A pelican drops down, "get in if you want to be a Spartan" he says. Right then a phantom comes dropping thirty elites and grunts. All the nobles come out of the pelican blasting their weapons and carter and I got cornered by an elite and a few grunts. George came charging in and killing them all. After all of this the noble team went to a new part of reach with the newest recruit: me! Being noble six I have to be as best as I can and no slacking off like normal.

## Chapter 1

As we jump off the pelican I see the hidden Spartan base. I can't believe that thirteen hours ago I was a Spartan! Things are looking up for me. Before I woke up I was a slacker doing horrible in school and always getting into fights. I thought that my sick mom wanted nothing to do with me. But it seems my dad was right whoever he is. My mom told me when I was 14 months old my father said "Carson is destined for greatness" I have so many questions. Any way when we enter the base I see guns, not just any guns I see assault rifles, designated marksman rifles, shotguns any many others. Later that night I was in my quarters right next to carter's room. I overheard something I would never want to hear! "Kat, Carson or noble six is my son" carter said "well sir why did you recruit him?" Kat's Russian accent was hard to decode. I run into carter's room "That's why you recruited me!" I yelled at him. "Carson stop!" he yelled back "What?" I shouted. "Kat and I, we are your parents." He said "No, no, no!" I yelled as I sprinted into my room. "Sleep we are assaulting a phantom tomorrow."

We were calmed from yesterday finding the truth. So only my parents and I are on this mission. So we jumped off a cliff and landed on a phantom. Our blue armour hit the phantom! "Go! Go! Go!" carter yelled we shot down all the elites and killed the grunts. We ran to the cockpit and landed in a covenant base. "Grab everything you can and fight the convent." Carter demanded "Emile come in." "I read you" Emile said. "Can you get us out here" said carter "okay I'll help you" answered Emile. "Okay nobles help is on the way." Carter told us. I let out a war cry and fought hard. We were rough tough and hard to bluff. Frags were exploding, shrapnel went everywhere. The shells hoped through the muzzle blasts. "Son kill that brute chieftain with the gravity hammer!" carter blared. I lunged at the brute chieftain with my magnum I pointed to his head and shot, he immediately fell to the ground. Out of rounds in all guns I picked up the gravity hammer. I was slamming my hammer into the heads of the brutes and the elites. "Sir, air support is coming in 5, 4, 3, 2, 1," said Emile right on time missiles dropped. "Get out of here" demanded carter. "yes let's go" said Kat.
